Ben is one of Timberlyne's experienced Project Coordinators, ready to help guide you through the exciting process of building a home, barn, or commercial structure.

Dedicated to superior service, Ben works hard to foster collaborative relationships with customers and the design team from the first phone call through the end of construction. This partnership-oriented approach has been cultivated during Ben's 8 years of working at Timberlyne.

Ben has worked with homeowners from coast to coast and is passionate about helping each one find the right product to make their dream a reality.

He has worked with customers on various projects, including homes, equipment sheds, loft living, retail spaces, horse barns, party barns, wedding venues, and pavilions. He even has experience working with historic structures.

Ben resides in Wayne, Nebraska, with his wife, Amy, and their two Springer Spaniels. They have an adult son, Zane. In his spare time, Ben likes spending time with family, fishing, and watching Husker sports.

“ I enjoy partnering with people who are excited about making a dream come true. My favorite project I've worked on was the Baseballism retail space at the Field of Dreams movie site. I'm a fan of the movie and baseball, so that project was fun for me!
