

## DAVID BIRD

### PROJECT COORDINATOR

402-518-2406 | [DBird@Timberlyne.com](mailto:DBird@Timberlyne.com)

David is one of Timberlyne's experienced Project Coordinators. With over 15 years of experience at Timberlyne, David is incredibly passionate about the product and has extensive experience guiding customers through the exciting process of building a home or barn.

When asked about some of his most notable projects over the past 15 years, he responded, "Every single one." David has worked with homeowners from coast to coast and is passionate about helping each one find the right product to make their dream a reality.

Dedicated to superior service, David works hard to foster collaborative relationships with customers and the design team from the first phone call through the end of construction.

David's hobbies collide with his role as a Project Coordinator. He has done several home remodels, built smaller shed structures, and even built his own Timberlyne barn—one he designed, which has now been developed into the popular "Sunflower" pre-design barn kit.

David lives in Sergeant Bluff, Iowa, with his wife, Pam. They have two children, Josh and Amanda, and a Morkie named Oliver. In his spare time, he enjoys working on projects around the house, traveling, cruising, hunting, fishing, and golfing.

“ Every project and every customer is a reminder of why I love our product. After building my own barn, I am even more determined to help others experience the same joy I have every single time I walk into my barn. It never gets old!

”

## BUILDING DEAMS, CONNECTING LIVES.

Wood Barns, Timber Homes,  
and Commercial Structures.
